

Part-A

Email 1 – Requesting Extension from Professor

Subject: Request for Extension on Assignment Submission

Dear Professor Krishna,

I hope this message finds you well. I am writing to respectfully request an extension for the upcoming assignment submission due on [original due date]. Due to overlapping deadlines and academic workload, I am finding it challenging to complete the assignment to the best of my ability within the given timeframe.

I kindly request an extension of [number of days] to ensure I can submit quality work that meets the course standards. I assure you that I remain committed to the class and will use the additional time productively.

Thank you for considering my request. I appreciate your understanding and guidance.

Sincerely,

Anuradha

Student, 2nd Year Computer Science Engineering

Email 2 – Internship Interest to Coordinator

Subject: Application for Summer Internship Opportunity

Dear [Coordinator's Name],

I am Krishna, a second-year Computer Science Engineering student at XYZ University. I recently learned about the summer internship opportunities at [Company Name] and would like to express my interest in joining your program.

My academic background and skills in programming, digital tools, and collaborative teamwork align well with the requirements of the internship. I am eager to gain practical industry experience, contribute to ongoing projects, and learn from the professional environment at [Company Name].

I would be grateful if you could share further details about the application process. Please find my resume attached for your reference.

Thank you for your time and consideration. I look forward to the possibility of contributing to your team this summer.

Sincerely,

Anuradha

Part B – Create a Social Media Do's and Don'ts checklist:

Social Media Do's and Don'ts Checklist

Do's (Responsible Use):

1. Do use strong and unique passwords for your accounts.
2. Do respect others' privacy and consent before sharing content.
3. Do share authentic and verified information.
4. Do maintain professionalism in posts and comments.
5. Do think carefully before posting anything online.

Don'ts (Avoid These Mistakes):

1. Don't share personal details like phone numbers or addresses publicly.
2. Don't engage in cyberbullying or offensive behavior.
3. Don't spread misinformation or fake news.
4. Don't overshare your daily routine or sensitive data.
5. Don't post inappropriate or disrespectful content.

Report:

Poor digital communication can often lead to serious misunderstandings. For example, a student once posted a sarcastic comment on a class WhatsApp group about a professor's teaching style. The message was misinterpreted as disrespectful, and it created tension between the student and faculty. This situation escalated

because the tone of the message was unclear, and the platform was not appropriate for such feedback. The problem could have been avoided if the student had chosen a professional channel, such as email, and used polite language to express concerns. Responsible digital communication requires clarity, respect, and awareness of the audience. By following social media do's and don'ts, students can maintain a positive digital presence and avoid unnecessary conflicts.
